WORKERS' COMPENSATION

SP 3531.00

The County Superintendent recognizes that, even in the best of circumstances, employees are occasionally injured on the job. The state of California provides for specified benefits for injured workers through the Workers' Compensation program.

Workers' Compensation for the County Office is administered by Keenan & Associates (Keenan). The County Office works collaboratively with Keenan in an effort to assist employees to fully recover from work-related injury/illness and return to productive employment. On those infrequent occasions when an injured employee is unable to return to her/his previously held position, the County Office through Keenan shall advise the employee of her/his rights and options relative to rehabilitation, vocational training, disability benefits, etc.
