Students

INTERNET BYPASS GUIDELINES

SR 5206.01

Purpose: To provide protection for students against harmful Internet sites.

Timeline: Ongoing; daily

Responsibility

- 1. The teachers are responsible for all computers and Internet access while in use by students.
- 2. If the teacher deems necessary to disable the Internet Content Filter (Filter), the teacher is responsible for ensuring adherence to the CIPA guidelines (see point 5 below).
- 3. The teacher will not allow any other individual to use the Filter bypass login.
- 4. If any student accesses inappropriate material while the Filter is disabled, the teacher must contact the site administrator and the Technology Support Services (TSS) department Filter administrator immediately.
- 5. The following guidelines are from the Federal Childrens Internet Protection Act (CIPA):
 - a. TECHNOLOGY PROTECTION MEASURE means a specific technology that blocks or filters Internet access to visual depictions that are (A) obscene, as that term is defined in section 1460 of Title 18, United States Code; (B) child pornography, as that term is defined in section 2256 of Title 18, United States Code; or (C) harmful to minors.
 - b. HARMFUL TO MINORS means any picture, image, graphic image file, or other visual depiction that (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (B) depicts, describes, or represent, in a patently offensive way with respect to what is suitable for minors, and actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (C) taken as a whole lacks serious literary, artistic, political, or scientific value as to minors.

PROCEDURE:

An administrator, supervisor, or person authorized by the County Office may temporarily bypass the Filter to enable access for bona fide research or other lawful purposes.

- 1. Teacher or employee requests Filter bypass authorization from the immediate supervisor.
- 2. Supervisor provides employee with Internet Content Filter Bypass Agreement. The teacher and the supervisor sign the form and forwards to the Filter administrator in the TSS department.
- 3. Filter administrator sets up override account and updates override user log. The user log contains the following information:
 - a. user ID

- b. user password
- c. override notification supervisor
- 4. On an annual basis, the Filter administrator provides a list of override users to the appropriate supervisors who review the list for deletions.
